## Home and School Regular Meeting

Coleman Home and School Association held its regular meeting in the school last week when it was reported that approval had been given for the construction of a new school for Coleman.

With reference to this matter, Mrs. Mildred Zak expressed the thanks of the Home and School to the Coleman Volunteer Fire Brigade, the School Board, the Home and School members and the public at large for their co-operation in providing a petition for the new school which was presented to the government and Department of Education officials.

It was reported that the Board of Trustees were now working with the Planning Board and the architects drawing up plans for the new school to be built on the former sport grounds.

The Home and School were informed that a supply of fluoride tablets would be forthcoming from the Chinohek Health Unit at Fort Macleod for distribution to parents who wish their children to take the fluoride tablets. The tablets are being obtained through the Chinohek Health Unit at a very low cost.

Mrs. Lorraine Aiello reported that the recent Hobby and Arts display sponsored by the Home and School in the Elks hall had been a very successful event, both financially and socially.

She expressed thanks to all who participated and helped with the Arts display and to those women

who donated and patronized the United Nations table sale. Mrs. Aiello especially thanked the Elks for the use of the hall and Celli's Building Supplies for the materials provided for the display and for the work they did in conjunction with the affair.

Principal of the school, Horace Allen, reported that the school curling trophy had been won by the Joe Wavrean rink and that the school 'spiel' had now concluded winter activities at the curling arena.

A nominating committee comprising Mrs. J. Beigan, Mrs. E. Margaret Krywolt and Mrs. Rita Deluca was appointed to bring in a new slate of officers at the next Home and School meeting.

Mrs. Mildred Zak reported that the Coleman Community Library Board had held its first annual meeting and that reports presented showed that the organization was making very favorable progress.

The room attendance prize was won by Mrs. C. Coover's class. Two very interesting films on Cancer were shown and well appreciated by the Association.

Following a lunch served by the committee the meeting adjourned.

When the dance was over, Mr. Beddington, carrying some of his instruments, went to his car and noticed someone sitting in the car and another person looking in on the driver's side.

When Mr. Beddington approached the standing person said to the other "you are in the wrong car."

Mr. Beddington, thinking a mistake had been made by the two went around to the other side when he finally realized his car had been locked. He then rushed to the other side, but the two men had taken off.

## "Freedom" Seminar April 18

A Seminar on Freedom, conducted by the Canadian Chamber of Commerce in conjunction with the operation Freedom—a program of action for all Canadians is to be held at Turtle Mountain Hotel in Frank on Wednesday, April 18th.

Purpose of the Seminars, which are being held across Canada, is to rouse and inform Canadians about our system of Freedom and the dangers which threaten it.

The Seminars, closely allied with the OCC Operation Freedom program, are being conducted because of the economic problems which Canada faces in a highly competitive world; the current threat of Socialism in Canada in political areas; the increased communistic offensive within Canada and the apathy and indifference of Canadians with respect to Freedom and evidence of a growing dependence on government.

The Seminar, to be conducted at Frank, is open to all from Fernie east through the Crows Nest Pass. The affair will commence at 9:00 a.m. under the chairmanship of Jack Kerr of Frank, and continue

throughout the entire day.

The Seminar will attempt to show the great need for a Freedom program by studying the threat to our freedom through learning what Socialism and Communism are and where does Canada stand. Another session of the Seminar will deal with our enterprise of private competitive enterprise, definition and principles and what are the advantages to the individual.

Question and answer periods will be held at the end of each study group.

Speakers at the Seminar will be R. F. Richardson, manager of organizational Service Department, C.C. of C. of Montreal; J. C. Donald, Western representative of the C.C. of C. and Reg Clarke, Alberta manager of the Canadian Chamber of Commerce, Edmonton.

### Your Newspaper Editor . . .

His office window overlooks the main street of a town which may be far more vigorous than it is large—but his outlook is as wide as the world.

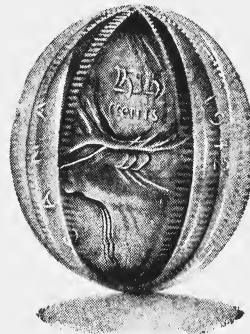

He is as concerned with famine and flood in the far country as he is familiar with the new arrival, the new business and the old-timer in his own community. His mind is broad—for it must encompass a wealth of ideas; yet there is no room in it for prejudice or pettiness.

His job—in the tradition of newspaper editors—is to point with pride and to view with alarm the way of the world, the nation, the community, even the individual. And he does his job well: those who do not always agree with him nonetheless always credit his sincerity.

Others may lead the community in its activities, its government or its politics—but The Newspaper Editor surely formulates its opinion—generating thought, discussion—and progress!

## Statement From House of Commons

(Statement in House of Commons, March 5, 1962, by the Hon. Gordon Churchill, re: War Veterans' Allowance Act and Amendment of Regulations).

Last Tuesday I reviewed briefly the background of the relationship between War Veterans' allowances and payments of Old Age Security Pension.

I explained that the War Veterans' Allowance Act has always been based on a means test, and that for the purpose of this means test the Old Age Security Pension has been considered as income ever since the Old Age Security Act was approved by Parliament.

As a matter of fact, Mr. Speaker, I have been given — by the departmental officials — a copy of the notice which went out in 1952, and which shows that, at the time, the amounts paid under the Old Age Security Act were to be computed as part of the income of War Veterans' Allowance recipients.

In spite of this earlier practice, the Government has given further consideration to this problem and has come to the conclusion that War Veterans' Allowance recipients and their spouses, who have reached the age of 70 years, should receive an additional benefit from the latest adjustment in the Old Age Security rate.

I am pleased to inform the House that following my recommendations, the Government has approved a policy of considering as exempt income for the purpose of the War Veterans' Allowance Act, \$10.00 per month received by virtue of the Old Age Security Act by a recipient of War Veterans' Allowances or his spouse. Or, \$70 per month if both are in receipt of an Old Age Security Pension.

This amendment to the W.V.A. Regulations will be effective February 1, 1962.

"Lawrence E. Kindt".

## Bad Cheques

The latest booklet "Bad Paper", issued by the RCMP should be required reading for business men and merchants.

All too frequently do we read and hear of merchants accepting cheques for merchandise or services only to find themselves holding worthless paper.

It's almost too easy to get money.

Cheques are cashed with little or no identification required. A glimpse at a driver's licence is often all that a business asks before handing out cash or services for a piece of paper which is really of unknown value.

Business men shouldn't be afraid to look closely into the identity of a person presenting a cheque. No honest person would object and a little time taken to establish the identity of a person wanting to cash a cheque might mean avoiding a loss.

The RCMP booklet, like its other in the series "Crime In Your Community" is well worth reading.

It could save you money!

## Ken keeps you curling

"District residents will now be able to curl in their own indoor rink."

This is becoming a familiar news item in Alberta. Modern curling rinks are springing up in more and more communities — and Ken Noble, at his drafting board is helping to keep Alberta curling.

Ken's job is an important part of the planning that brings you dependable power service. Power to operate today's electrical ice-making machines. Power to light the rink. Power to provide a warming cup of coffee after the game. It starts its journey to you on the drawing boards of Ken Noble and his fellow draftsmen.

They are members of a team that is helping you to work and play better electrically — the Calgary Power team of people who take time to be friendly.

Ken Noble, Calgary Power engineering draftsman, is also an enthusiastic member of our curling league. He takes an active part in other Calgary Power recreational and social activities. Employee association work also helps to keep Ken busy. His favorite summertime recreation is camping with his wife Joyce and their two children.

## Grands Win Provincial 'A' Crown

The Coleman Grands, who won the Southern Alberta Provincial Intermediate 'A' Hockey Championship, had a large cup donated by George Cantalini of Medicine Hat.

This cup is a yearly affair and goes to the team which wins this championship. Coleman's Grands will hold the cup until some other hockey team wins same.

Mr. Cantalini, who owns Assiniboia, Cosmopolitan, Corona and Royal Hotels in Medicine Hat, said he was very proud to donate this cup to the Coleman Grands who are a very good hockey club.

He hoped to meet any of the boys when in Medicine Hat or other Colemanites who might be going through.

Angelo Gentile, president of the Coleman Grands, will display the cup in the Grand Union Hotel alongside the Corson Cup which the Grands won in 1960.

## Coleman Grands Lose One, Win Two

The Coleman Grands hockey team lost the first game of a best of four games out of seven series to the Calgary Adderson Builders on Friday, March 16 in the Coleman arena.

The Grands, who were spotted two goals in the first period by the Adderson club, went down to defeat by a 5-2 score. Grands took an early two-goal lead only to have it cut in half at the 19:50 mark of the first period when Adderson scored their first goal.

At the end of the second period the game as all tied up at two goals each.

In the third period the smooth-skating Adderson club proved a little too powerful for the Grands and scored three unanswered tallies, one of these being scored when the Adderson club was playing a man short.

Ten penalties were called — five to each team.

On Sunday, March 18th, Grands turned the tables on the Adderson club when they squeezed out a 3-2 win over the Builders in the Calgary Corral. The Grands took their first lead in games in the series when they again beat the Calgary Addersons in the Corral on Tuesday, March 20th, this time by a 6-4 score.

Grands were leading 5 to 4 with a minute to go in the third period when Adderson, playing one man short, pulled their goalie and Martin scored on the open net just as the bell sounded.

Actually the goal may not have counted, but Crawford the Adderson club threw his hockey stick at the puck as it was sliding towards the net and this automatically at that time was called a goal. It may have been that should Crawford not have thrown his stick the puck might not have gone over the goal line until after the bell sounded to end the period.

Coleman has won 2, lost 1, g. for 11, gls. against 11, penalties 13. Adderson won 1, lost 2, gls. for 11, gls. against 11, penalties 19.

## Coleman Loses Tough One To Adderson 4 to 3

On Friday at the Coleman arena the Grands lost a heart-breaker to the Calgary Adderson Hockey Club by a score of 4-3.

This tied the series for the Adderson Club and disheartened the Coleman crew, who should have won the game and gone ahead 3 games to one in the series.

Coleman outplayed the Adderson Club by a wide margin from the 7 minute mark of the second period to the final bell.

Coleman, down 3 goals to none at the 6:21 point of the second period, put on a tremendous spurt only to fall short by one goal at the end of the game.

Refereeing by H. Perell, which was not good and did not add to the cause; linesmen Arison and Jenkins were good, but Perell missed many penalties which undoubtedly should have been called. This probably added to the poor display put on by Grande coach Ken Head, when he knocked the puck out of referee Perell's hand and for such behavior, Mr. Perell demanded Coach Ken Head's disappearance from Coleman Grand bench.

Head's display came at 15:50 of the first period when Adderson scored and Head protested the goal. It appeared that Perell warned Head several times before demanding he leave the game. The Grands then upset, and a bit be-

wildered, weathered the storm to the end of the period, which ended 2-0 in favor of Adderson.

Grands still appeared to be muddled in the early part of the 2nd period, changing lines too slowly and only when the players were completely tired. This resulted in another goal for the Adderson club at 6:21. At the 7 minute mark the Grands came to life and played one of their finer games for the rest of the game, taking most of the play away from the Adderson club.

Peppery Fred Churla scored at 17:37 from Brooks and Lane to end the second period 3 to 1 in favor of Adderson.

At 5:20 of the 3rd period, Adderson went ahead 4 to 1 on a lucky goal by Hicks. Grands, still pressing, came back at 11:25 to make it 4 to 2 on a goal by Lyens, then at 14:44 Scooter Scodellaro scored the prettiest goal of the season, when he took the puck by three Adderson players in a dippy doo display, then pulled Gillett to one side and pushed the puck into the net to make it 4 to 3.

For the final five minutes Coleman hit the goal post, shot over the net, and missed both sides. They left the puck laying on the goal line three times with Gillett on top of it, but just could not get the equalizer.

At the 20-minute mark of the 3rd period, a fight started between the players and over the boards poured spectator after spectator.

No one was hurt seriously in this affair. Earlier in the game, just before Churla scored his goal a thoughtless fan threw a pop bottle on the ice which could have proved disastrous had it hit a player or the referee. Had the culprit been apprehended he would have been barred from entering the arena for life.

## Coleman Loses Second Straight To Adderson

The Coleman Grands, playing before 1,000 fans at the Coleman arena on Saturday night, dropped a closely fought hockey game to the Calgary Adderson Club by a score of 4 to 2.

The score in itself did not indicate the play, which was fairly even, with maybe a slight margin going to the Adderson Club.

A few breaks around the net for Coleman when shooting at the Adderson goal could have very easily had Coleman win by a 4-3 score.

Time and time again Coleman came right in on Gillett and instead of shooting, wanted to draw Gillett out. This spelled disaster for the Grands.

In the first period Coleman got away with a 1 goal lead at the 4:54 mark on a goal by Cavers, from Koontges and Yanosik.

Calgary evened the score at the 15:20 mark of the same period—the period ending one-all.

Adderson took the lead at the 2:06 mark of the second period when Wylie scored from Krowchuk. Ted Kryczka tied the score for Coleman at 8:51 of the second period and it appeared at this time Coleman might go ahead. However, the team seemed to slump and Adderson outplayed Grands in the second period, — outshooting them 13 to 8.

The period ended in a 2-all tie. In the third, the Grands had a slight edge in play, outshooting the Adderson Club 15 to 13, but Gillett was too much for Grands, who came in too close each time.

Adderson scored at the 10:42 mark and again at 17:50 when Fred Churla was in the penalty box for interference.

The Grands continued to press, but time was short and breaks around the net were few, even with five forwards and one defence-man, the Grands were unable to beat Gillett, who at times was very lucky, stopping shots he did not see.

The game ended with a score of 4-2 in favor of Adderson.

The Coleman net was empty for practically all of the last minute of play as Cush retired in favor

of one forward.

Lady Luck was just not around for the Grands who lost a tough one.

Refereeing in this game was very good and much better than the refereeing of Friday night's game. Referee, Steve Arisman; linesmen, G. Jenkins, K. Read.

## Grands Lose 10-4 In Final Game

Calgary Adderson trounced the Coleman Grands 10 to 4 in the final game of their best of seven series for the championship of the Big Six League in the Calgary Corral on Sunday.

Calgary took series four games to two. Angelo Gentile, president of the club, felt disappointed in the results of this game, as he felt his club could have done much better had they attended to hockey.

Many of the boys were seen hanging around in the wee hours of the morning celebrating anything but the hockey game.

The Adderson Club took their game in Calgary a little more seriously and packed up early for the night so as to make the long journey to Calgary and be fresh at afternoon starting time.

Thus ends one of the most torrid hockey seasons ever had in the town of Coleman.

Coleman may well be proud of their club and so can Angelo Gentile and Bill Fraser who were responsible for this club.

Ken Head is still deserving of praise for his efforts since taking over the club as are all players who played for the Grands.

## Soccer Team Named Coleman Hotel Bombers

The newly-formed soccer team in Coleman for the year of 1962 has been named the Coleman Hotel Bombers. The team will enter the Crows Nest Pass League and play all games against Fernie, Cranbrook, Pincher Creek and Lethbridge.

It is expected that exhibition games will be played against Blairmore.

Should Blairmore not enter the league it is likely that some of Blairmore players may join the Bombers of the Coleman Hotel in their league games.

Captain Jimmy Koszegi, who has played soccer against some of the finest soccer players in Hungary, quotes the Bombers as the team to beat in the league.

The team will be made up of local talent only other than a few players from Blairmore, Bellevue and Hillcrest who may want to join the club.

Koszegi states there is already five or six Hungarian boys signed up on the team, all of whom have played top soccer in Hungary.

Besides these Hungarian boys, it is expected that Gordon Zoltan, Gerry Pinotti, Laszlo Gabris, Gerry Gentile, Freddy Churla and Doug Clarke will try out for the team.

First class sweaters have already been purchased and will be gold and blue in color. Many of the old-timers of Coleman who have played some of the finest soccer in history (even professional) such as Jimmy Moore, Jimmy Radley, Jimmy Anderson, Billy, Roughhead, Bob Anderson, Bobby Jenkins and many more will be delighted to know they can look forward to seeing some fine soccer this year in Coleman.

Kenny Megil, Arpad Szucs, Joseph and Janos Karas have also stated they will try out for a spot on the Bombers.

Captain Koszegi, who can play any position on the field, including goal-tending, has made the statement that at the present time all 11 positions are open and the best man wins the spot.

"I will compete for a position myself," states Koszegi. "If I am not good enough I am willing to play spare. This is going to be a top-notch team."

Color of the soccer shorts has not yet been decided on. They most likely will be gold or blue to match the smart looking sweaters.

Team executives will be listed in

## New Soccer Team Assured Of Having Old Country Ball

The newly-formed Coleman Hotel Bombers soccer team can expect to have a first class English football or soccer ball for their club says Bert Bond.

Bert, who is leaving for the British Isles the first week in April and expects to return to Coleman some time in June, stated he is thrilled to hear of soccer coming to life again in Coleman and while in England he is going to look around for a first class soccer ball for the club.

"When I return, if there is any vacancy for club officials, I will be only too pleased to help out if the club wants me," said Bert.

Years ago Bert was quite a good soccer player himself.

### To Write Book On Her Travels

I had the pleasure of interviewing Miss Audrey W. Goodchild, an English nurse who was crossing Canada in a horse-drawn milk wagon as she passed through Coleman in late June, 1960.

Last month I again had the great pleasure of receiving a letter from this very charming nurse who is now in Victoria, B. C.

Miss Goodchild is now writing a book on her adventures and she plans to incorporate items of interest concerning the Crows Nest Pass and Southern Alberta.

In order to acquire more accurate information for Miss Goodchild, I took the liberty to call on Mr. E. S. Neils, manager of Lethbridge Sick's Brewery. Mr. Neils was most helpful in securing for me information I sought and even added more color by giving me the story of "The House of Lethbridge Concord Coach".

This coach is owned by Sick's Lethbridge Brewery Limited and is an exact replica of the sturdy vehicle which provided express transportation in the West in the days when "horse power" meant horses.

My thanks to Mr. E. S. Neils — and I'm sure we all wish Miss Goodchild the best of luck in her future travels, and with her book.
